2. Fixed-Price Milestone Option

- **Milestone 1 (Days 1–4): \$950.00** — Live Social API Connections, Multi-Brand Vault & Creator Discovery.
- **Milestone 2 (Days 5–8): \$950.00** — Grounded AI Composer, Human Gate & Team Member SLA Reminders.
- **Milestone 3 (Days 9–10): \$548.00** — Conversation Tracking, Webhooks, Analytics Export & Final Launch.

3. Why This Protects Bearvana's Social Accounts

- **Zero Headless Scrapers:** We never use Puppeteer, Playwright, or cookie scrapers that trigger Meta shadowbans.
- **Strict Human Gate:** AI generates high-converting drafts, but a human must explicitly approve before any DM is sent.
- **Multi-Brand Isolation:** Bearvana and other brands maintain separate encrypted OAuth tokens and rate limit quotas.
